

# TEST THE BEST: HEAD PROTECTION

## Your Free Bullard Head Protection is Waiting...

Your organization may be eligible for a free hard hat or safety helmet through the **Bullard Test the Best** Head Protection Evaluation Program.

Check out the details to get started!

### Safety Where it Matters

Bullard hard hats are carefully engineered to deliver outstanding performance, comfort, quality, and durability.

With a full line of products, including cap style, full brim, and safety helmets, Bullard has head protection solutions for a multitude of industries and hazards.

### Test the Best in Head Protection

#### How do you or your organization qualify?

- If your organization is not currently wearing Bullard head protection.
- You are a PPE decision-maker in the organization.
- You agree to wear head protection and provide evaluation feedback.

### Comfort & Stability

Bullard hard hats and safety helmets are designed to provide a balanced fit with stability and comfort, featuring a suspension that extends below the nape of the head, improving retention.

### Third Party Tested & Certified

Bullard's head protection has been third-party tested and certified to comply with ANSI/ISEA Z89.1-2014 (R2019), providing peace of mind for worker's safety.

### Build Your Bullard Customization

You design them, we build them! With one of the best head protection customization tools in the industry, BYB allows for full color logos with multiple placement options, design preview and online proofing, and easy re-ordering.
